

In 2018, Premier Doug Ford promised:

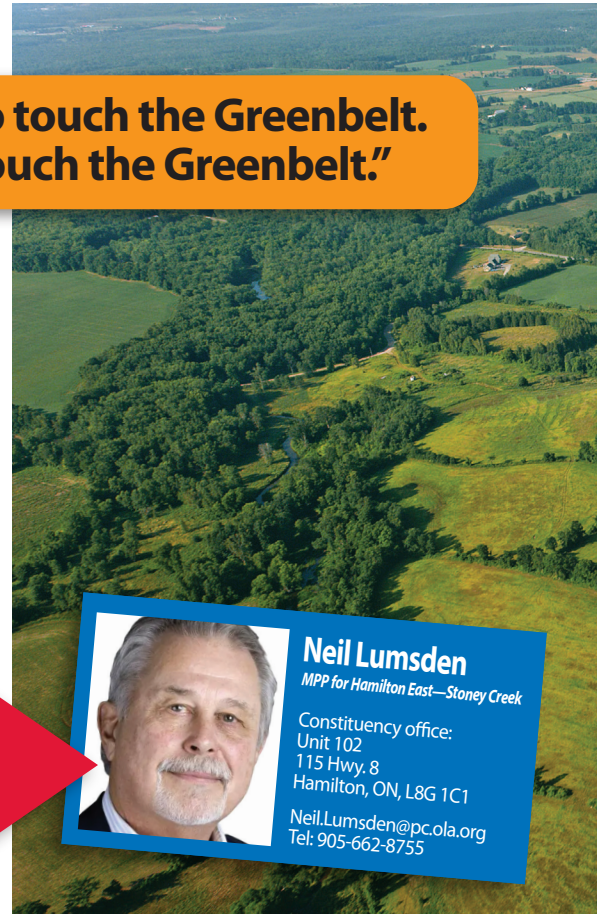

**“The people don’t want us to touch the Greenbelt.
Unequivocally, we won’t touch the Greenbelt.”**

On December 8, 2022, **MPP Neil Lumsden** and other Conservative MPPs from across Ontario **broke that promise**. They voted for Bill 39 which removes protections from the Greenbelt’s Duffins-Rouge Agricultural Preserve. Next, they plan to cut 7,400 acres from the Greenbelt and open it to wealthy developers.

Greenbelts are created to act as obstacles to protect the environment, including precious farmland, from profit-driven “development”.

Although politicians do break promises, commitments to protect the planet are a special kind of promise. **Everything is at stake.**

**Please phone, mail or email today:
Tell MPP Neil Lumsden that he is betraying the environment
and the will of the people. We will not forgive or forget!
Protection of the Greenbelt must be restored!**

Neil Lumsden

MPP for Hamilton East—Stoney Creek

Constituency office:

Unit 102

115 Hwy. 8

Hamilton, ON, L8G 1C1

Tel: 905-662-8755

It's NOT too late to save the Greenbelt!

The voters of Hamilton East—Stoney Creek went to the polls on June 2, 2022, believing that candidate **Neil Lumsden** would keep the Greenbelt promise. By voting for Bill 39 on December 8, Conservative MPPs like **Neil Lumsden** continue to betray those voters. They gave developers a green light to send bulldozers into the Greenbelt.

On top of their broken promise, Conservatives like **Neil Lumsden** want us to believe that they are motivated by a sudden desire to solve the housing crisis—after years of ignoring it! The stench of corruption fills the air.

Please tell MPP Neil Lumsden that he will be held accountable for the destruction he is endorsing. He will pay a political price for breaking the trust of the people of Hamilton East—Stoney Creek.

Neil Lumsden

MPP for Hamilton East—Stoney Creek
