

In 2018, Premier Doug Ford promised:

**“The people don’t want us to touch the Greenbelt.
Unequivocally, we won’t touch the Greenbelt.”**

On November 4, 2022, he broke that promise.

Although politicians do break promises, commitments to protect the planet are a special kind of promise. **Everything is at stake.**

Greenbelts are created to act as obstacles which protect the environment from profit-driven “development”.

Conservative MPPs are poised to betray the environment and the will of the people—**by selling out to wealthy developers.**

Please phone, mail or email today:

**Tell MPP Vijay Thanigasalam to
KEEP THE GREENBELT PROMISE!**

It's NOT too late to save the Greenbelt!

The voters of Scarborough—Rouge Park went to the polls on June 2, 2022, believing that candidate Vijay Thanigasalam would keep the Greenbelt promise. Conservative MPPs like Vijay Thanigasalam **must not give developers a green light to send bulldozers into the Greenbelt**. It would be an unforgivable betrayal.

Please tell MPP Vijay Thanigasalam he has a moral obligation to the people of Scarborough—Rouge Park to speak out clearly and publicly in defense of the Greenbelt.

Vijay Thanigasalam
MPP for Scarborough—Rouge Park
