In 2018, Premier Doug Ford promised:

"The people don't want us to touch the Greenbelt. Unequivocally, we won't touch the Greenbelt."

On November 4, 2022, he broke that promise.

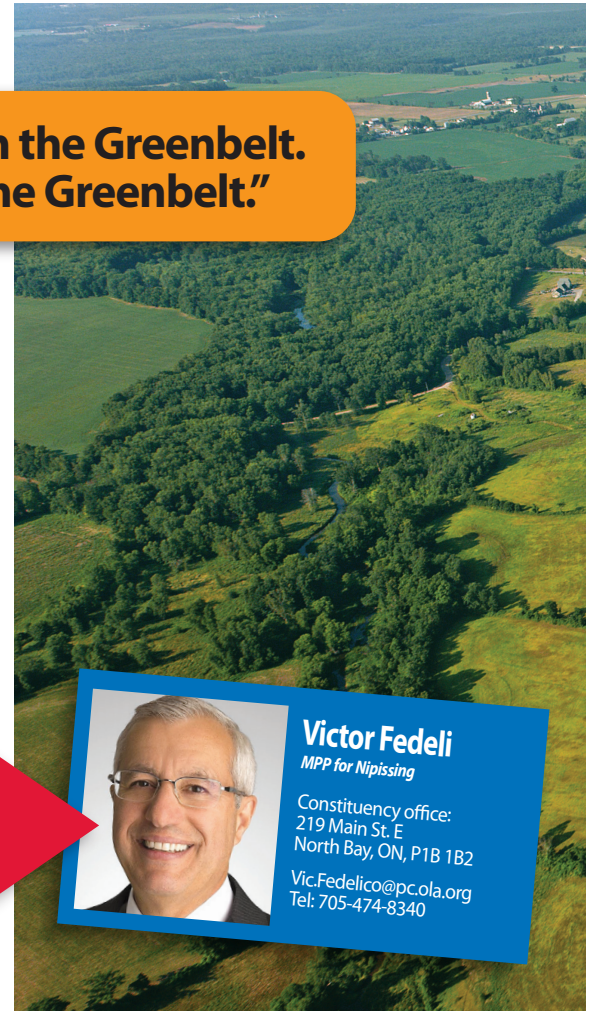
Although politicians do break promises, commitments to protect the planet are a special kind of promise. **Everything is at stake.**

Greenbelts are created to act as obstacles which protect the environment from profit-driven "development".

Conservative MPPs are poised to betray the environment and the will of the people — **by selling out to wealthy developers.**

Please phone, mail or email today:

Tell MPP Victor Fedeli to KEEP THE GREENBELT PROMISE!



It's NOT too late to save the Greenbelt!

The voters of Nipissing went to the polls on June 2, 2022, believing that candidate Victor Fedeli would keep the Greenbelt promise. Conservative MPPs like Victor Fedeli must not give developers a green light to send bulldozers into the Greenbelt. It would be an unforgivable betrayal.

Please tell MPP Victor Fedeli he has a moral obligation to the people of Nipissing to speak out clearly and publicly in defense of the Greenbelt.

Victor Fedeli
MPP for Nipissing

Constituency office:
219 Main St. E
North Bay, ON, P1B 1B2
